

# Cautious About Life Settlements?

Advanced Settlements, a national leader in the life settlement marketplace now offers a new funding option where you and your client can now participate in Life Settlements and ensure full personal and medical redaction. This new platform addresses potential transaction concerns and market challenges by providing one of the best life settlement solutions - creating opportunities for consumers, financial professionals and investors.

*Among these advantages are the following:*

- \* *Removes personal and medical information along the transaction chain to resolve potential concerns regarding insured's privacy.*
- \* *Compels transaction participants at all levels to comply with, and in many cases exceed, regulatory requirements and best practices.*
- \* *Presents qualifying policies to multiple, select high-quality investors to maximize competitive pricing potential.*
- \* *Establishes uniform standards in origination, bidding and closure - attracting high quality, reliable funding*
